

Siegel News

Vol.2

By Courtney Siegel

School Time!

Courtney started school with a new member of the family! Bailey! He started school as a big boy kindergarten. He loves going to school with a big sister who knows a lot and helps him too. He said that his favorite subjects are Math, Art and Gym. My favorite subjects are Science, Math, and Gym. Bailey has Mrs. Abbott as a teacher and I have Mrs. Lemanski- 5th grade. Bailey has made some new friends also. “I mostly play with Eric, Jordan and Tyler”, he said. Homework is another new thing for Bailey because in preschool, he didn’t have homework. So far, Bailey and I are loving school!

Both working

Christie Siegel, (mother of Bailey and Courtney) started something new also! A job! She is now working for Nighttime Pediatrics Care Center. She isn’t working as a doctor or anything, she is just like a project manager. Mommy/ Christie is now going to work when we leave the house to go to school, (8:00) and then getting off at 2:00 so she can pick us up from school. She said that she really likes her job so far. So now both parents are working! That’s great for them!

Disney Triathlon

On September 21, 2008, Susan and Patrick Duffy, (grandparents of Courtney and Bailey, Mama and Papa) ran a seven hour triathlon in Orlando, Florida. Mama's number on her shirt was #392 and Papa's was #331. They are very athletic and sportsy. This was Papa's first triathlon though. And they both did great! First they swam 1 mile. Then they got out of the water and started biking. They biked 25 miles. After biking, they ran 6.2 miles in 90 degree blazing sun. At the end, they both finished and did super! Mama came in 3rd place in her division! Great! Awesome! The best! They sure loved it! And I love them! Way to go Mama and Papa!
